SEI Investments Canada Company, a wholly owned subsidiary of SEI Investments Company, is the investment fund manager and portfolio manager of the SEI Funds in Canada. The funds employ a manager of manager approach to investing. The Manager is ultimately responsible for the investment performance of the funds and may hire or replace the sub-advisor at any time without unitholder approval and without notification to unitholders of the fund. The Manager may change the underlying funds, sub-advisors, or the amount of assets allocated to any sub-advisor of an underlying fund from time to time without unitholder approval and without notification to unitholders of the fund. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. Mutual fund securities are not covered by the Canada Deposit Insurance Corporation or by any other government deposit insurer. There can be no assurances that a money market fund will be able to maintain its net asset value per security at a constant amount or that the full amount of your investment in the fund will be returned to you. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.
