What does the fund invest in?

The fund invests in bonds issued by Canadian issuers. The fund will hold debt instruments issued or guaranteed by the federal, provincial and municipal governments of Canada or foreign governments, Canadian or foreign corporations including mortgage-backed securities issued by any of the foregoing. Investment in foreign securities is not generally expected to exceed 30% of the net asset value of the fund. The fund employs a manager of managers approach to investing whereby the portfolio manager may, at its discretion, hire or replace the sub-advisors to achieve the fund's objectives.

The charts below give you a snapshot of the fund's investments on May 31, 2023. The fund's investments will change.

Investment mix (as at May 31, 2023)

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

SEI Investments Canada Company has rated the volatility of this fund as **Low**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What Are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class F units of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

This chart shows how Class F units of the fund have performed in each of the past 10 calendar years. The fund dropped in value in 3 of the past 10 years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Class F units of the fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|-----------------|--|
| Best return | 6.4% | June 30, 2020 | Your investment would rise to \$1,064 |
| Worst return | -7.1% | April 30, 2022 | Your investment would drop to \$929 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F units of the fund. A person who invested \$1,000 in the class 10 years ago has \$1,152 as of May 31, 2023. This works out to an annual compound return of 1.4%.

Who is this fund for?

Investors who:

- want a diversified fixed-income investment with potential for income and modest capital growth;
- are planning to hold their investment for the medium to long term; and
- have a low level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

No sales charges are payable for purchases made directly through SEI Investments Canada Company or authorized brokers and dealers.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of December 31, 2022, the fund's expenses were 0.62% of its value. This equals \$6.20 for every \$1,000 invested.

| | Annual rate (as a % of the fund's value) |
|--|--|
| Management expense ratio (MER) This is the total of the fund's management fee and operating expenses. SEI Investments Canada Company waived some of the fund's expenses. If it had not done so the MER would have been higher. | 0.62% |
| Trading expense ratio (TER) These are the fund's trading costs. | 0.00% |
| Fund expenses | 0.62% |

More about the trailing commission

The trailing commission is an ongoing commission. SEI Investments Canada Company does not pay trailing commissions to representatives for this class of units.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

| Fee | What you pay |
|--|---|
| Short-term trading fee | A short-term trading penalty of up to 2% on the redemption price of units redeemed within 30 days of the date upon which the units were purchased. The penalty is paid to the fund and not to SEI Investments Canada Company. |
| Investment Advisory fee | Class F units are only available to investors who have fee-based accounts with their representative. You pay your representative directly for investment advice and other services they provide. Management fee reductions may apply in certain circumstances, for more information, please speak with your representative. |
| SEI Portfolio fees and expenses | If you invest in units through the SEI Portfolio service, you will be required to pay the fees and expenses as described in your agreement with your dealer (and financial advisor) that describes your SEI Portfolio and the terms and conditions under which it will be managed. |

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document, or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

For more information

Contact SEI Investments Canada Company or your representative for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the fund's legal documents.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|-----------------|--|
| Best return | 14.1% | April 30, 2021 | Your investment would rise to \$1,141 |
| Worst return | -21.8% | March 31, 2020 | Your investment would drop to \$782 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F units of the fund. A person who invested \$1,000 in the class 10 years ago has \$2,017 as of May 31, 2023. This works out to an annual compound return of 7.3%.

Who is this fund for?

Investors who:

- want capital growth over the long term from a core Canadian equity investment;
- are planning to hold their investment for the long term; and
- have a medium level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

No sales charges are payable for purchases made directly through SEI Investments Canada Company or authorized brokers and dealers.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of December 31, 2022, the fund's expenses were 0.95% of its value. This equals \$9.50 for every \$1,000 invested.

| | Annual rate (as a % of the fund's value) |
|--|--|
| Management expense ratio (MER) This is the total of the fund's management fee and operating expenses. SEI Investments Canada Company waived some of the fund's expenses. If it had not done so the MER would have been higher. | 0.85% |
| Trading expense ratio (TER) These are the fund's trading costs. | 0.10% |
| Fund expenses | 0.95% |

More about the trailing commission

The trailing commission is an ongoing commission. SEI Investments Canada Company does not pay trailing commissions to representatives for this class of units.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

| Fee | What you pay |
|--|---|
| Short-term trading fee | A short-term trading penalty of up to 2% on the redemption price of units redeemed within 30 days of the date upon which the units were purchased. The penalty is paid to the fund and not to SEI Investments Canada Company. |

Investment mix (as at May 31, 2023)

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

SEI Investments Canada Company has rated the volatility of this fund as **Medium**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What Are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class F units of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

This chart shows how Class F units of the fund have performed in each of the past 10 calendar years. The fund dropped in value in 1 of the past 10 years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Class F units of the fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|-------------------|--|
| Best return | 14.4% | December 31, 2013 | Your investment would rise to \$1,144 |
| Worst return | -15.7% | March 31, 2020 | Your investment would drop to \$843 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F units of the fund. A person who invested \$1,000 in the class 10 years ago has \$3,067 as of May 31, 2023. This works out to an annual compound return of 11.9%.

Who is this fund for?

Investors who:

- want capital growth over the long term through a core U.S. equity investment;
- are planning to hold their investment for the long term; and
- have a medium level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

No sales charges are payable for purchases made directly through SEI Investments Canada Company or authorized brokers and dealers.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of December 31, 2022, the fund's expenses were 0.83% of its value. This equals \$8.30 for every \$1,000 invested.

| | Annual rate (as a % of the fund's value) |
|--|--|
| Management expense ratio (MER) This is the total of the fund's management fee and operating expenses. SEI Investments Canada Company waived some of the fund's expenses. If it had not done so the MER would have been higher. | 0.81% |
| Trading expense ratio (TER) These are the fund's trading costs. | 0.02% |
| Fund expenses | 0.83% |

More about the trailing commission

The trailing commission is an ongoing commission. SEI Investments Canada Company does not pay trailing commissions to representatives for this class of units.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

| Fee | What you pay |
|--|---|
| Short-term trading fee | A short-term trading penalty of up to 2% on the redemption price of units redeemed within 30 days of the date upon which the units were purchased. The penalty is paid to the fund and not to SEI Investments Canada Company. |
| Investment Advisory fee | Class F units are only available to investors who have fee-based accounts with their representative. You pay your representative directly for investment advice and other services they provide. Management fee reductions may apply in certain circumstances, for more information, please speak with your representative. |
| SEI Portfolio fees and expenses | If you invest in units through the SEI Portfolio service, you will be required to pay the fees and expenses as described in your agreement with your dealer (and financial advisor) that describes your SEI Portfolio and the terms and conditions under which it will be managed. |

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document, or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

What does the fund invest in?

The fund invests in equity securities of issuers in developed countries other than the United States. The fund invests approximately 80% or more in equity securities of issuers in developed countries, usually Europe, Australia and the Far East. The fund employs a manager of managers approach to investing whereby the portfolio manager may, at its discretion, hire or replace the sub-advisors to achieve the fund's objectives.

The charts below give you a snapshot of the fund's investments on May 31, 2023. The fund's investments will change.

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

SEI Investments Canada Company has rated the volatility of this fund as **Medium**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What Are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class F units of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

This chart shows how Class F units of the fund have performed in each of the past 10 calendar years. The fund dropped in value in 3 of the past 10 years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Class F units of the fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|-------------------|--|
| Best return | 16.6% | December 31, 2022 | Your investment would rise to \$1,166 |
| Worst return | -18.6% | March 31, 2020 | Your investment would drop to \$814 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F units of the fund. A person who invested \$1,000 in the class 10 years ago has \$1,983 as of May 31, 2023. This works out to an annual compound return of 7.1%.

Who is this fund for?

Investors who:

- want capital growth over the long term from an equity investment in Europe, Australia and the Far East as part of a diversified portfolio of investments;
- are planning to hold their investment for the long term; and
- have a medium level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

No sales charges are payable for purchases made directly through SEI Investments Canada Company or authorized brokers and dealers.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns. As of December 31, 2022, the fund's expenses were 1.13% of its value. This equals \$11.30 for every \$1,000 invested.

| | Annual rate (as a % of the fund's value) |
|--|--|
| Management expense ratio (MER) This is the total of the fund's management fee and operating expenses. SEI Investments Canada Company waived some of the fund's expenses. If it had not done so the MER would have been higher. | 0.89% |
| Trading expense ratio (TER) These are the fund's trading costs. | 0.24% |
| Fund expenses | 1.13% |

More about the trailing commission

The trailing commission is an ongoing commission. SEI Investments Canada Company does not pay trailing commissions to representatives for this class of units.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

| Fee | What you pay |
|--|---|
| Short-term trading fee | A short-term trading penalty of up to 2% on the redemption price of units redeemed within 30 days of the date upon which the units were purchased. The penalty is paid to the fund and not to SEI Investments Canada Company. |
| Investment Advisory fee | Class F units are only available to investors who have fee-based accounts with their representative. You pay your representative directly for investment advice and other services they provide. Management fee reductions may apply in certain circumstances, for more information, please speak with your representative. |
| SEI Portfolio fees and expenses | If you invest in units through the SEI Portfolio service, you will be required to pay the fees and expenses as described in your agreement with your dealer (and financial advisor) that describes your SEI Portfolio and the terms and conditions under which it will be managed. |

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document, or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

For more information

Contact SEI Investments Canada Company or your representative for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the fund's legal documents.

SEI Investments Canada Company has rated the volatility of this fund as **Low to Medium**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What Are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

Real Return Bond Fund -- Class F

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class F units of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

This chart shows how Class F units of the fund have performed in each of the past 10 calendar years. The fund dropped in value in 3 of the past 10 years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Class F units of the fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|------------------|--|
| Best return | 9.5% | January 31, 2015 | Your investment would rise to \$1,095 |
| Worst return | -10.7% | July 31, 2013 | Your investment would drop to \$893 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F units of the fund. A person who invested \$1,000 in the class 10 years ago has \$1,075 as of May 31, 2023. This works out to an annual compound return of 0.7%.

Who is this fund for?

Investors who:

- want inflation-adjusted income with potential for modest capital growth; and
- have a low to medium level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|-----------------|--|
| Best return | 10.5% | July 31, 2020 | Your investment would rise to \$1,105 |
| Worst return | -13.8% | March 31, 2020 | Your investment would drop to \$862 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F(H) units of the fund. A person who invested \$1,000 in the class 10 years ago has \$1,374 as of May 31, 2023. This works out to an annual compound return of 3.2%.

Who is this fund for?

Investors who:

- are looking for income and the potential for capital gains primarily through investments in non-investment grade bonds/securities of U.S. issuers;
- wish to gain exposure to foreign securities but wish to minimize exposure to fluctuations in foreign currency;
- are willing to hold their investment for the medium to long term; and
- have a low to medium level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

What does the fund invest in?

The fund invests in equity securities of issuers in developed and emerging countries with less volatility than the broad global equity markets. The Fund invests at least 65% of its net assets in equity securities of issuers located in different developed countries, usually the United States, Canada, Australia and those located in Europe and the Far East. The fund employs a manager of managers approach to investing whereby the portfolio manager may, at its discretion, hire or replace the sub-advisors to achieve the fund's objectives.

The charts below give you a snapshot of the fund's investments on May 31, 2023. The fund's investments will change.

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

SEI Investments Canada Company has rated the volatility of this fund as **Low to Medium**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What Are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class F units of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

This chart shows how Class F units of the fund have performed in each of the past 10 calendar years. The fund dropped in value in 1 of the past 10 years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Class F units of the fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|-----------------|--|
| Best return | 11.4% | March 31, 2013 | Your investment would rise to \$1,114 |
| Worst return | -15.1% | March 31, 2020 | Your investment would drop to \$849 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F units of the fund. A person who invested \$1,000 in the class 10 years ago has \$2,256 as of May 31, 2023. This works out to an annual compound return of 8.5%.

Who is this fund for?

Investors who:

- want capital appreciation with less volatility than the broad global equity markets from a global equity investment;
- are planning to hold their investment for the long term; and
- have a low to medium level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

No sales charges are payable for purchases made directly through SEI Investments Canada Company or authorized brokers and dealers.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of December 31, 2022, the fund's expenses were 0.88% of its value. This equals \$8.80 for every \$1,000 invested.

| | Annual rate (as a % of the fund's value) |
|--|--|
| Management expense ratio (MER) This is the total of the fund's management fee and operating expenses. SEI Investments Canada Company waived some of the fund's expenses. If it had not done so the MER would have been higher. | 0.84% |
| Trading expense ratio (TER) These are the fund's trading costs. | 0.04% |
| Fund expenses | 0.88% |

More about the trailing commission

The trailing commission is an ongoing commission. SEI Investments Canada Company does not pay trailing commissions to representatives for this class of units.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

| Fee | What you pay |
|--|---|
| Short-term trading fee | A short-term trading penalty of up to 2% on the redemption price of units redeemed within 30 days of the date upon which the units were purchased. The penalty is paid to the fund and not to SEI Investments Canada Company. |
| Investment Advisory fee | Class F units are only available to investors who have fee-based accounts with their representative. You pay your representative directly for investment advice and other services they provide. Management fee reductions may apply in certain circumstances, for more information, please speak with your representative. |
| SEI Portfolio fees and expenses | If you invest in units through the SEI Portfolio service, you will be required to pay the fees and expenses as described in your agreement with your dealer (and financial advisor) that describes your SEI Portfolio and the terms and conditions under which it will be managed. |

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document, or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

| | | Minimum investment: | \$500 initial, \$500 additional |

What does the fund invest in?

The fund invests in a broadly diversified portfolio of Canadian equity securities of small and mid-level capitalization. Investment in foreign securities is not generally expected to exceed 30% of the net asset value of the fund. The fund employs a manager of managers approach to investing whereby the portfolio manager may, at its discretion, hire or replace the sub-advisors to achieve the fund's objectives.

The charts below give you a snapshot of the fund's investments on May 31, 2023. The fund's investments will change.

Investment mix (as at May 31, 2023)

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

SEI Investments Canada Company has rated the volatility of this fund as **Medium**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What Are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class F units of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

This chart shows how Class F units of the fund have performed in each of the past 10 calendar years. The fund dropped in value in 3 of the past 10 years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

Best and worst 3-month returns

This table shows the best and worst returns for Class F units of the fund in a 3-month period over the past 10 years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|-----------------|--|
| Best return | 27.9% | June 30, 2020 | Your investment would rise to \$1,279 |
| Worst return | -28.9% | March 31, 2020 | Your investment would drop to \$711 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F units of the fund. A person who invested \$1,000 in the class 10 years ago has \$1,893 as of May 31, 2023. This works out to an annual compound return of 6.6%.

Who is this fund for?

Investors who:

- want capital growth from a Canadian equity investment to complement a large capitalization Canadian equity investment;
- are planning to hold their investment for the long term; and
- have a medium level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

No sales charges are payable for purchases made directly through SEI Investments Canada Company or authorized brokers and dealers.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of December 31, 2022, the fund's expenses were 1.05% of its value. This equals \$10.50 for every \$1,000 invested.

| | Annual rate (as a % of the fund's value) |
|--|--|
| Management expense ratio (MER) This is the total of the fund's management fee and operating expenses. SEI Investments Canada Company waived some of the fund's expenses. If it had not done so the MER would have been higher. | 0.87% |
| Trading expense ratio (TER) These are the fund's trading costs. | 0.18% |
| Fund expenses | 1.05% |

More about the trailing commission

The trailing commission is an ongoing commission. SEI Investments Canada Company does not pay trailing commissions to representatives for this class of units.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

| Fee | What you pay |
|--|---|
| Short-term trading fee | A short-term trading penalty of up to 2% on the redemption price of units redeemed within 30 days of the date upon which the units were purchased. The penalty is paid to the fund and not to SEI Investments Canada Company. |
| Investment Advisory fee | Class F units are only available to investors who have fee-based accounts with their representative. You pay your representative directly for investment advice and other services they provide. Management fee reductions may apply in certain circumstances, for more information, please speak with your representative. |
| SEI Portfolio fees and expenses | If you invest in units through the SEI Portfolio service, you will be required to pay the fees and expenses as described in your agreement with your dealer (and financial advisor) that describes your SEI Portfolio and the terms and conditions under which it will be managed. |

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document, or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

For more information

Contact SEI Investments Canada Company or your representative for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the fund's legal documents.

| | Return | 3 months ending | If you invested \$1,000 at the beginning of the period |
|---------------------|--------|------------------|--|
| Best return | 21.3% | January 31, 2021 | Your investment would rise to \$1,213 |
| Worst return | -27.2% | March 31, 2020 | Your investment would drop to \$728 |

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in Class F units of the fund. A person who invested \$1,000 in the class 10 years ago has \$2,255 as of May 31, 2023. This works out to an annual compound return of 8.5%.

Who is this fund for?

Investors who:

- want capital growth over the long term through U.S. equity investment in companies of small capitalization;
- are planning to hold their investment for the long term; and
- have a medium level of investment risk tolerance.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Class F units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

No sales charges are payable for purchases made directly through SEI Investments Canada Company or authorized brokers and dealers.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As of December 31, 2022, the fund's expenses were 0.93% of its value. This equals \$9.30 for every \$1,000 invested.

| | Annual rate (as a % of the fund's value) |
|--|--|
| Management expense ratio (MER) This is the total of the fund's management fee and operating expenses. SEI Investments Canada Company waived some of the fund's expenses. If it had not done so the MER would have been higher. | 0.86% |
| Trading expense ratio (TER) These are the fund's trading costs. | 0.07% |
| Fund expenses | 0.93% |

More about the trailing commission

The trailing commission is an ongoing commission. SEI Investments Canada Company does not pay trailing commissions to representatives for this class of units.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the fund.

| Fee | What you pay |
|--|---|
| Short-term trading fee | A short-term trading penalty of up to 2% on the redemption price of units redeemed within 30 days of the date upon which the units were purchased. The penalty is paid to the fund and not to SEI Investments Canada Company. |
| Investment Advisory fee | Class F units are only available to investors who have fee-based accounts with their representative. You pay your representative directly for investment advice and other services they provide. Management fee reductions may apply in certain circumstances, for more information, please speak with your representative. |
| SEI Portfolio fees and expenses | If you invest in units through the SEI Portfolio service, you will be required to pay the fees and expenses as described in your agreement with your dealer (and financial advisor) that describes your SEI Portfolio and the terms and conditions under which it will be managed. |

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.
